

San Diego County ACADEMIC PERFORMANCE INDEX (API) TOP Scores & Ranking for 2010-2011

(Released September 2011, California Department of Education)

These are the scores and rankings of all public schools in San Diego County. The API scores represent how well the students are learning basic skills. The table shows the following: **DISTRICT, TYPE (i.e. elementary) SCHOOL IN DISTRICT & API** – ranges anywhere from 200 to 1000 points on the basis of how well the students score on standardized tests. The statewide performance for all schools is 800. The **2010 Base API** – shows the scores that were reported in March 2010, based on 2010 test results, sets targets for growth in the API from 2010 to 2011. The **2011 Growth API** – shows the scores that were reported in August 2011, based on 2011 test results, and shows growth in the API from 2010 to 2011. The **Growth** – summarizes a school’s performance, the change from year to year.

Note: New schools, alternative, continuation schools and those with 100 or fewer students were not included.
